CALIFORNIA COALITION FOR WOMEN PRISONERS,
Plaintiffs,

RHONDA FLEMING,
Class Plaintiff-Interested Party,

V. NO. 23-CV-4155-YGR

UNITED STATES OF AMERICA, et al.

LETTER TO THE COURT

Dear Judge Gonzalez-Rogers:

As many have already said, these transfers were a bad thing.

First, my transfer was in violation of your order. I am attaching a copy of my Health Services electronic medical record, signed April 9, 2024. Exhibit-A. I was transferred after the issuance of your order, on April 19, 2024. I did not see a doctor or any medical staff before my transfer.

As you are aware, I have serious health problems, caused by dangerous environmental conditions in federal prisons. In fact, the FBOP at FCI-Dublin had the nerve to try to blame my chronic health problems on FCI-Tallahassee. Health Services admits "mold" caused at least one illness I suffer with. See, Exhibit-A.

Strangely, at least to normal people, FCI-Dublin refused to transfer me away from mold/asbestos/geese feces, for almost two years. I repeatedly reported chronic fatigue, headaches, coughing, all over body pain, and a continuous runny nose, while housed at FCI-Dublin. I was left at that prison to suffer day after day, without relief. Numerous experts have found long term mold exposure causes chronic fatigue and all of the other symptoms I have suffered with for years.

I have now been transferred to FPC-Bryan, which has the same toxic mold and asbestos. Like many FBOP institutions, the prison has been allowed to exist without preventive maintenance or remediation of toxic substances. There are reports of mold and asbestos at this Texas federal prison.

While these dangerous environmental conditions warrant the attention of the federal authorities, my reception at FPC-Bryan, is the true reason I am writing you.

Before I could get in the door of the prison, a Lt. Jones asked me, "How is my friend Lt. Hardy doing at FCI-Dublin?"

Judge Gonzalez-Rogers, Lt. Hardy was walked off the prison grounds 2 or 3 months ago, under investigation for retaliation and other misconduct against the Plaintiffs in this case.

This was no accidental inquiry. This was intentional conduct to intimidate me and set a tone. The next day, with me being at the institution less than 24 hours, this same Lt. Jones can be seen on camera, screaming across the prison compound asking me if I had my identification card on me and another time about the color of a t-shirt I was wearing, which she issued to me.

Credibility matters with this Court, so Judge you can confirm that Lt. Jones here at FPC-Bryan have been co-workers with Lt. Hardy, at FCI-Dublin.

Of course, I reported this to the prison captain and the warden. Their response was nasty. I was told, as if I didn't know it, "This is not Dublin. We don't run the prison like Dublin."

TRULINCS 20446009 - FLEMING, RHONDA ANN - Unit: BRY-B-A

Completely false statements. This prison is run just like FCI-Dublin. Women here are crying about the lack of medical care, mold/asbestos related illnesses, sexual abuse, etc. From what I see, the climate of this prison is the same as FCI-Dublin.

My family and friends have heard from other women transferred all over the country, as far as to Miami, Florida. The reception has been about the same as what I received.

Let me be frank: I am not participating in another situation like we had at FCI-Dublin. Why? Well Judge, look what happened, it was a hellish mess. They stole our property and abused us until we left their property. Interim Warden McKinney was fair, within the limits of what the FBOP would allow her, which was not much. That is the only positive thing I can report to you.

I am glad the Director closed that raggedy, dangerous prison. I am not glad about how it was done. It was completely unconstitutional conduct.

Judge Gonzalez-Rogers, I am going to make it. As you told me in court, I am not easily intimidated...but Judge, that does not mean they will not try me. And that is wrong, whether the woman can be intimidated or not.

I am writing you because I am concerned about many fragile, sexual abuse victims, who can be intimidated. I am mature, older, and stronger. These young women, well Judge, they are seriously broken, emotionally, physically, and yes, spiritually. It hurts to think about what they are going through as I write this letter to you.

Today, the women over here told me more women from FCI-Dublin are coming here. Well, that is wrong for them and for me. We just left a federal prison full of mold, asbestos, and geese feces. While there is no geese feces here, Praise the Lord, there is the ignorance of the buffing of floor tiles made of asbestos, along with windowsills and vents full of thick mold, at this prison.

We are under the protection of your Court, Judge Gonzalez-Rogers, no matter where the FBOP sends women from FCI-Dublin. I am already sick from toxins from two other FBOP institutions, yet they failed to send me to home confinement, again. This is gross negligence to continuously expose me to substances which can be fatal to someone in my condition. I pray you remember this when we have future proceedings. Continuing tortious conduct by the FBOP.

The women coming from FCI-Dublin, to FPC-Bryan, will need your protection. Unfortunately, I have had to tell at least 50 women, I cannot help them out of fear of retaliation, by the warden over here, who the inmates and staff seem to dislike. I love my state, but Texas is HORRIBLE about protecting the constitutional rights of women prisoners.

I will closing by saying the first time I was sexually harassed, in my life, was right here at FPC-Bryan. This place is as corrupt as any other federal women's prison.

Respectfully,

Rhonda Fleming
